Share the excitement.....Enjoy the experience!

Employment Opportunities Wait for those who want to be the best landscape and snow professionals for our team. If you have what it takes to get the job done right the first time, we want to hear from you.

We value leaders with the skill to adapt to extreme weather conditions while maintaining a safe environment. Our team operates in a fun family atmosphere and is dedicated to quality service for residential, commercial and HOA clients across the West/Southwest side of Cleveland.

About Us:

Smart Scapes is proud to be part of the Olmsted Falls Community for well over 33 years. As an active member of the local Chamber of Commerce, we support community and local businesses by volunteering and working on community projects to better our community. We have installed memorial gardens at the high school, supplied stone at the middle school, installed sidewalks at the community center and even provided all the landscaping at the Animal Rescue Foundation, just to name a few.

At Smart Scapes, we believe that sharing knowledge is one of the most important aspects of business and is key to providing our customers with the excellent service they deserve. Our industry certified management team has over 75 years of combined experience. Its not just about mowing a lawn or plowing a driveway; it's about empowering our team to take pride in their work and providing superior landscape management to our clients.

Certifications:

- Certified Snow Professional (CSP)
- Ohio Certified Nursery Technician (OCNT)
- ODOA Certified Pesticide Applicator
- ASM Advanced Snow Manager
